

August 20, 2015

Mr. Paul Wehrs
W3668 Pleasant Valley Rd.
West Salem WI 54669

Subject: Satisfaction of Notice of Discharge – Category II

Dear Mr. Wehrs:

The purpose of this letter is to acknowledge that you have implemented the necessary corrective actions at your farm located at T16N R6W S110 NESW on W3668 Pleasant Valley Road in La Crosse County that was requested in the Notice of Discharge dated June 11, 2014. You received this notice to reduce or eliminate animal waste discharges from your livestock operation to the groundwater and Pleasant Valley Creek. Your NOD required that you take corrective measures to resolve the discharge from your livestock facility. A concrete lined manure pit was installed and an unapproved manure stacking area was properly abandoned in order to comply with the NOD.

Please be aware that it is now your responsibility to maintain this newly installed system. If you fail to maintain the corrective actions, the Department of Natural may take enforcement action under state law, including referral to the Department of Justice pursuant to s. 283.29, and/or you may also be issued a WPDES permit.

Your effort in this matter is appreciated and has contributed to improved water quality in the groundwater and in Pleasant Valley Creek in the Lower La Crosse River Watershed. If you have any questions or concerns, please contact me at (608) 785-9984.

Sincerely,

Cindy Koperski
Runoff Management Specialist
